### *TAKE HOME ASSIGNMENT*

---

Step 1: After opening Flipkart's website (<https://www.flipkart.com/>), you will be directed to their homepage.

Step2: To Access their products, you will need to close the login screen that may appear.

Step3: Once you're in, you can select the Electronics category and search for a soundbar.

Step4: To get your product quickly, you may opt for the One day delivery option.

Step5: After that, you can sort the soundbars by price and select the low to high option.

Step6: The list will then update, and you can choose the 2nd product from the list.

Step7: Once you have selected your soundbar, the product name and price will be displayed, and you can print it out for future reference.
